For trimester 1, 3 Pep Bands are required, and the grade is based on this number. For trimester 2, 7 events are required, and the grade is based on this number. All events will appear in the gradebook. At the end of the term, the lowest scores will be dropped. Any additional pep band performances will be extra credit. All play-off performances are extra credit!

For basketball, we play until the start of the 2nd half. For Hockey, we stay until the start of the 2nd period. For swimming, gymnastics, and wrestling, we play for approximately 30 minutes prior to the start of the match/meet, and play the star spangled banner and school song. We do not stay past the start of the match/meet.

Please arrange to stay for the entire time that the band is performing. We want to have the same strong band at the end of the night as we had at the beginning, and it is really unfair to others to have some people pack up and leave early! **You will not receive full credit for the performance if you arrive late or leave early!**
